2019-20	137
2020-21	22

2022-23	135

Slight fall in number of placements can be attributed to the rigor of Covid-19 pandemic Problems Encountered and Resources Required. We have recovered the numbers in 2022-23.

(I) Problems Encountered

- One constraint is that the college is under obligation to follow the curriculum approved by the affiliating university without there being any element of discretion.

- The college, in order to meet the institutional social responsibility, has to keep the fee charged for self-finance courses under check. Consequently, it has to check the expenses as well.
- The operations in most of the areas have suffered a lot due to the prevailing pandemic conditions and restrictions but now we are coming out of the situation.

(II) Resources Required

- Additional building with more rooms and labs required for introducing new skill-oriented courses
- More funding from the UGC
- Reasonable hike in fee in concurrence with the university as per the need of the hour.

citizens. They should have the ability as well as the confidence to shoulder diverse responsibilities in society. It requires a lot of extra effort to produce such multi-talented and multi-dimensional individuals.
