

D.A.V. CENTENARY COLLEGE, FARIDABAD

Information Brochure (2021-2022)

Padma Shree Dr. Punam Suri Ji
President, D.A.V. College Managing Committee

Established under the direct control of D.A.V. College Managing Committee, New Delhi, the renowned international charitable educational organization, this college opened its portals to the students in the year 1985 to mark the 100th year of the phenomenal service rendered by DAVCMC in the field of education. Well into the fourth decade of its existence, the college can proudly look back at the string of impressive achievements it has to its credit. Under the visionary leadership of Padma Shree Dr. Punam Suri Ji, the distinguished President of D.A.V College Managing Committee, and in tandem with other D.A.V institutions spanning the length and breadth of the country, this college is also going from strength to strength. Be it the discipline and the general bearing of our students, be it the serious academic atmosphere prevalent on our campus and our enviable achievements in extracurricular activities, be it our competent and dedicated teaching and non-teaching staff or the very able, inspiring and dynamic helmsman ship of this institution, be it our social, intellectual and moral activism or the purposeful vocationalisation, professionalism and rationalization of education with an eye on the future and in keeping with the rapidly changing

socioeconomic ethos and profile of our country, this college stands out among the institutions of higher learning in the region. But all this won't have been possible without the dedicated service rendered by all the former Principals, the invaluable work put in by the dedicated staff members in nurturing this institution or without the huge fund of goodwill, unstinted cooperation and generous help received from the leading lights of the city, the people at large as well as the local administration, the state government, the university and the U.G.C.

From the Principal's Desk

Knowing others is intelligence; knowing yourself is true wisdom.
Mastering others is strength; mastering yourself is true power.”
– Lao Tzu

A very warm and loving welcome to all the students who are seeking admission in DAV Centenary College and will be able to enter its portals this year. This institution, which is a part of the prestigious and path-breaking chain of DAV institutions spanning the whole country, has carved out a niche for itself in in this region

in the thirty-six years of its existence.

Dear students, entering the portals of higher education is a dream come true for every knowledge loving and career-minded adolescent who has just passed out of school. You will find the college meeting all your expectations of an environment where your personality will be groomed, polished and chiseled through academic pursuits and extra-mural activities. The college is striving to be a better version of itself every year. We do not compete with anyone; rather we concentrate on building our strengths and try to plug our loopholes on a continual basis. Our biggest strength is a student-centric narrative. Whatever we do in the classroom and outside like teacher training programs, faculty development, library strengthening, sports development or the development of the infrastructure of the college, everything is done keeping the interests of the student community in mind. We are running traditional undergraduate and postgraduate programs as well as a string of skill-oriented and vocational courses the latest addition to which is the B. Voc. (Retail Management) Course starting from this academic session. You will get many opportunities to hone your multiple skills here. The college regularly offers personality development programs to make the students industry and job market ready. Life skills are also provided through regular seminars and workshops.

Performing Havan Yajnas, with spiritual discourses following them, is a regular feature of DAV institutions to which we adhere whole-heartedly in the college. We view it as our role not only to help our students find good placements in the job market but also to inculcate in them the life values of positivity, integrity, confidence, strength, boldness, compassion and cooperation. Thus, we strive to enrich the intellectual, emotional and spiritual quotient of the students every step of the way. Our college takes extra care of girl students as we believe that nations that fail their girls will not be able to

make any worthwhile progress. Many cells and subject related societies are working in the college and you can join these to further improve your debating and oratorical skills and improve your general awareness and confidence levels. We can always and we will provide a conducive environment and eco-system and all possible facilities but, as the great leader and spiritualist, Swami Vivekananda Ji said, you are the makers of your own destiny. You will have to show receptivity and openness of mind to receive all the values and skills which the college is ready and willing to provide.

As you are the makers of your own destiny, I have seen students even from very poor and illiterate families achieving great heights before our very eyes in this institution because they lapped up the opportunities being offered to them here.

Dear students, my very honest piece of advice to all of you is that you should work hard and concentrate on strengthening your strengths and weakening your weaknesses during this crucial period of your educational journey. We are with you at every step like your parents and would ensure that you have a wholesome and life-enhancing experience in this college which ultimately develops into a lifelong relationship with this institution when it becomes your alma mater.

We are confident that you will follow into the illustrious footsteps of your seniors who have touched great heights in this college in academics, sports, cultural and other co-curricular activities and will add a new glorious chapter in the history of this institution.

God bless you all!
